

Retail cut identification – training pictures for Junior ICMJ contests

<p>Rump steak</p>	<p>Will include a large cap muscle and external fat coverage.</p>	
<p>Fillet steak</p>	<p>Fine texture, little connective tissue. No external fat. Small portion size in diameter</p>	

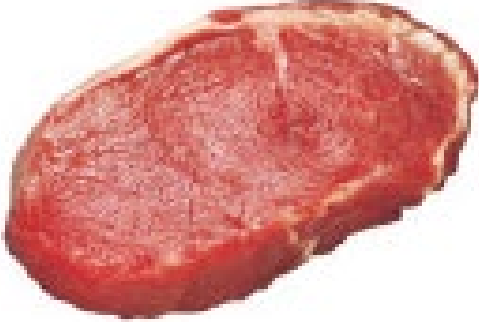

<p>T-bone steak</p>	<p>Contains fillet muscle and external fat over sirloin edge. Bone is shaped as a 'T'</p>		
<p>Sirloin steak boneless</p>	<p>Will not include fillet muscle but will have external fat coverage. Looks similar to rib eye steak but has external fat.</p>		

<p>Round steak</p>	<p>May contain a cap muscle and will have little or no external fat. The meat colour is often paler in this cut and the cut will be round in shape</p>		
<p>Topside steak</p>	<p>Contains a cap muscle and will have a coarser texture. Will be quite large in shape and flat. Generally will be very lean.</p>		
<p>Silverside steak</p>	<p>Coarser texture and silvery appearance. Large flat cut. Looks like the heel and toe of a shoe.</p>		

wiseGEEK

<p>Chuck steak</p>	<p>Looks the 'messiest' cut on display with many muscles and a lot of connective tissue.</p>		
<p>Blade steak bone-in</p>	<p>Look for the Y-bone.</p>		

Blade steak boneless	Contains a number of muscles including the oyster blade. It will contain an obvious seam of connective tissue where the Y-bone has been removed.		
Oyster blade steak	Oval in shape, grainy texture and often darkish meat colour. Will have an obvious seam of connective tissue through the middle.		

<p>Rib eye steak</p>	<p>A roundish shaped steak roughly the size of your palm. Will include the spinalis muscle that runs along the side of the steak, separated from the rib eye muscle by a piece of seam fat.</p>		
<p>Rib steak bone-in</p>	<p>Will include a bone which is usually frenched (ie. trimmed of meat and fat). Looks like a large cutlet.</p>		

<p>Shin beef boneless</p>	<p>Coarse texture and exhibits a lot of connective tissue.</p>		
<p>Shin beef bone-in</p>	<p>Coarse texture and exhibits a lot of connective tissue. The bone is round and in the centre of cut taking up approx. 50% of the display.</p>
